How to Listen to the Divine Spirit

“People think that the Holy Spirit
speaks to us in the human voice. This
can occur, but it usually happens
when a messenger of God—an an-
gel for example—is sent to a human
being. Then people hear a voice. But
the pure Voice of God is music, the
Audible Sound Current, the Holy
Spirit.”

—Harold Klemp
Love, The Keystone of Life
p. 17
